Attachments: noaa calendars mid Sept through Oct.pdf

Jayne--

See attached for NOAA calendars between mid Sept. and the end of Oct. I discovered a way to save all of our calendars to pdf which is hopefully easier for your to decipher than a list of availabilities in email. Just so you know, Sept. is end-of-yr staff perf evaluation time so Joelle and Jeff will both have many additional meetings on their calendars in Sept. for staff evaluations which have not been scheduled yet so best to lock in dates for 6217 now before calendars fill up more.

OR CZARA Managers Meeting Decisions, Upcoming Agendas & Action Items

August 20 at noon WA/OR or 3 PM VA/DC

Non-Responsive or Christine's Office

Decisions

None.

Draft Agenda for September 4th meeting (90 minutes)

- Introductions/Agenda Review/Action Items from Aug 20th meeting (Jayne)
- Ag MM issue (Alan)
- Forestry/landslides update—questions answered and information needed in order to elevate (Alan)
- **Ex. 5 - Deliberative** (Don)
- Next Steps

Draft Agenda for September 10th meeting (60 minutes)

- Forestry/pesticides revisited (Jenny)
- Forestry/roads issue (Alan)

- Issue elevation —what do the managers need from staff and attorneys
- Schedule and next steps

Action Items

- The Forestry/Pesticides team will look into notification requirements in neighboring states; what makes Oregon unique or different; the scientific basis or record to support why FIFRA label compliance would not be considered sufficient to provide adequate protection of type N non-fish bearing streams from aerial application of herbicides; whether Oregon Toxics standard is relevant to addressing this condition; and the exact wording of this condition from the 1988 findings, focusing on whether it directly references buffers (*it does*).
- All will review the Ag MM paper (attached) to better prepare for the Sept 4th call.
- JB will find out the date by which the legal team expects to complete the review of the rationales for interim approval for OSDS and New Development MMs and provide comments to Don Waye.
- The managerial team will complete the reviews the rationales for interim approval for New Development MMs and OSDS and provide comments to Don Waye by August 29.
- Joelle will follow up with Jeff on the date that the legal team will complete the talking points for management and to help the technical team craft a response to comments regarding additional management measures.
- Forestry/landslides team will provide the following information to the managerial team in the form of talking points: comparison to how Washington addresses high risk landslides' potential impact to water quality in forested areas; EPA/NOAA expectations and suggestions on how Oregon can address this additional MM; whether we have the data to identify landslide prone areas and nearby receiving waters. *Will be discussed on Sept 4th call.*
- Allison will provide Jayne with dates and times that the NOAA team are available during late September through October.
